THOUGHTFULNESS

In a hundred little ways every day our salespeople prove their thoughtfulness of a customer's comfort and convenience. "May I have your packages wrapped together so they will be easier to carry?" "Would you like me to rush this alteration so you can have the dress tomorrow?" "I'll be very glad to phone you when more coats arrive." "Let me take these materials to the light for you."

Little courtesies only, but we like to feel that they contribute to the pleasant atmosphere of this store.
